## Web/Graphic Design Professional

### Qualified Expert in Communicating Visually

I am a professional with qualifications including: a degree in Graphic Design, Experience working daily in Graphic Design and Front End Development. Has developed sites with several platforms. (i.e. HTML5 & CSS3, Wasql, Wordpress and Twitter's Bootstrap)

## Graphic & Technology Summary

**Adobe CC:** Photoshop, Illustrator, InDesign & Dreamweaver

**Microsoft Office:** Word, Outlook, PowerPoint & Excel

**Sublime Text:** Is my preferred code editor.

## Work Experience

### Viral Events, Salt Lake City, UT

Web/Graphic Design & IT Work 2013 - Present

**Responsibilities:** I create, design and maintain our company websites. I create graphics (*Social Media Posts, Billboards, Flyers, Business cards*) for the company.

I take care of most of the IT work at Viral Events, I control everything from emails to changing out the toner in the printers.

### Steven Henager College, Orem, UT

Graphic Design Student 2011 - 2013

**Responsibilities:** During this time, I was attended school fulltime. I worked hard and helped others. I felt it was very important to do a good job and stay on task. I really enjoyed school.

### Professional Marketing International, Lehi, UT

Salesman 2009 - 2011

**Responsibilities:** I worked as a salesman at Professional Marketing International (PMI). I would contact clients and offer additional help at a cost.

Working at PMI allowed me to understand the sales process and how customer make buying decisions.

## Websites I have worked on

## What I am looking for

I want to work in a company where I am proud to be part of the team, believe in what the product/services are and contribute to its success. The culture of a company is very important to me. There is nothing better than going to work with people you like and feeling productive. This is what I am looking for and I hope to find in your company.
